Hereditary Spell

**Gift of the Spider
God**

<i>CV</i>	<i>Type</i>	<i>Duration</i>
12+/24+	Range 24"/12"	Instant

Effect

Remains in play. Uses the small round template. Once the template is placed, the player then nominates the direction in which The Evil Sun will move. To determine how many inches the template moves, roll an artillery dice and multiply the result by 3. If the result on the artillery dice is a misfire, centre the template on the caster and roll a scatter dice. The template then moves D6" in the direction shown (if you roll a Hit! use the little arrow shown on the Hit! symbol). Any model under or passed over by the template suffers a S 5 hit. In subsequent turns, The Evil Sun travels in a random direction and moves a number of inches equal to the roll on an artillery dice. If a misfire is rolled in subsequent turns, The Evil Sun swallows itself and is removed.
